REASON FOR ALLOWANCE

1. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure: Kimata et al (US 6,320,168) discloses an induction-heating fusion device. Samei (US 6,577,893) discloses a fixing device includes a fixing nip portion that conveys a recording material. Terada et al (US 6,625,417) discloses an image heating device and image forming apparatus using the same. Takagi et al (US 6,252,212) discloses an image fixing apparatus with induction heating device.
2. The following is an examiner's statement of reasons for allowance: allowance of claims 1-10 is indicated because the prior art of record does not show or suggest the exciting coil is formed in at least two layers in such a manner that a first layer is formed on a circumferential surface of the coil guide member by winding a plurality of turns and a second layer is formed around and outside the first layer on a side opposite to the coil guide member, and winding of each of the second layer and following layers is started from a position close to a winding start position of the first layer as recited in claims 1-6; and a core member that is shaped like a pyramid so as to cover part of the heating roller and on which the exciting coil is wound, wherein the exciting coil is wound in more on a top portion of the pyramid-shaped core member than on a foot portion thereof as recited in claims 7-10.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
